Model RE3H
with Rain Hood

Lower Operating Costs with a Fully-Automated Vehicle Weighing Solution

Cardinal's unattended systems provide an effective solution for unmanned vehicle weight management that is fast, accurate and easy to operate. Cardinal can also custom design the system to meet the specific requirements of your operation. Featuring the model 225 or 825 indicator with truck storage software in a weatherproof outdoor enclosure, the system is available with barcode badge reader or proximity badge reader, and/or ticket printer (RE3H pictured above).
